AUDITORS' REPORT

To the Board Members of Peace River Regional Hospital District

We have audited the consolidated statement of financial position of Peace River Regional Hospital District as at December 31, 2006 and the consolidated statement of financial activities and changes in fund balances for the year then ended. These financial statements are the responsibility of Peace River Regional Hospital District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of Peace River Regional Hospital District as at December 31, 2006 and the results of its operations and the changes in financial position for the year ended in accordance with Canadian generally accepted accounting principles.

The Peace River Regional Hospital District is incorporated under the Hospital District Act, a Statute of the Province of British Columbia. These activities are recovered through property tax requisitions.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The consolidated financial statements of the Peace River Regional Hospital District are the representations of management and have been prepared in accordance with local government accounting standards established by the Public Sector Accounting and Auditing Standards Board (PSAAB) of the Canadian Institute of Chartered Accountants. A statement of change in financial position has not been prepared as it would offer no additional information.

Use of estimates

These financial statements have been prepared in accordance with Canadian generally accepted accounting principals which require management estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and reported amounts of revenue and expenditures during the reporting period. Actual results could differ from those estimates.

Unless otherwise noted, it is management's opinion that the Regional Hospital District is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair value of these financial instruments approximate their carrying values, unless otherwise noted.

Revenue and expenditure recognition

4. MUNICIPAL FINANCE AUTHORITY DEBT RESERVE

With respect to amounts financed through the Authority, the Regional Hospital District is required to pay into a Debt Reserve Fund administered by the Authority, an amount equal to one-half the average annual instalment of principal and interest relative to any borrowing for its own purposes. This amount may be paid either in full or in an amount of cash equal to 1% of the principal amount borrowed together with a non-interest bearing demand note for the balance. If, at any time, the Hospital District does not have sufficient funds to meet payments or sinking fund contributions due on its obligations, the payments or sinking fund contributions shall be made from the Debt Reserve Fund. The demand notes payable to the Authority are callable only if there are additional requirements to be met to maintain the level of the Debt Reserve Fund.

5. TEMPORARY BORROWING

The temporary borrowing represents short-term borrowing arranged for capital project completion and bears interest at a variable rate.
