Management's Responsibility

To the Members of the Peace River Regional Hospital District:

The accompanying consolidated financial statements of the Peace River Regional Hospital District are the responsibility of management and have been approved by the Directors.

Management is responsible for the preparation and presentation of the accompanying consolidated financial statements, including responsibility for significant accounting judgments and estimates in accordance with Canadian public sector accounting standards. This responsibility includes selecting appropriate accounting principles and methods, and making decisions affecting the measurement of transactions in which objective judgment is required.

In discharging its responsibilities for the integrity and fairness of the consolidated financial statements, management designs and maintains the necessary accounting systems and related internal controls to provide reasonable assurance that transactions are authorized, assets are safeguarded and financial records are properly maintained to provide reliable information for the preparation of consolidated financial statements.

The Board of Directors are composed entirely of individuals who are neither management nor employees of the Hospital District. The Board of Directors are responsible for overseeing management in the performance of its financial reporting responsibilities, and for approving the consolidated financial statements. The Board of Directors fulfill these responsibilities by reviewing the financial information prepared by management and discussing relevant matters with management and external auditors. The Board of Directors are also responsible for recommending the appointment of the Regional Hospital District's external auditors.

MNP LLP, an independent firm of Chartered Professional Accountants, is appointed by the members to audit the consolidated financial statements and report directly to them; their report follows. The external auditors have full and free access to, and meet periodically and separately with, both the Board and management to discuss their audit findings.

March 23, 2017

K. Frech, Chief Financial Officer

Independent Auditors' Report

To the Members of the Peace River Regional Hospital District:

We have audited the accompanying consolidated statements of the Peace River Regional Hospital District, which comprise the consolidated statement of financial position at December 31, 2016, the consolidated statements of operations and accumulated deficit, change in net debt, and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal controls. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe the audit evidence obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Peace River Regional Hospital District as at December 31, 2016, and the results of its operations, changes in its net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Peace River Regional Hospital District
Notes to the Consolidated Financial Statements

For the year ended December 31, 2016

1. OPERATIONS

The Peace River Regional Hospital District is incorporated under the Hospital District Act, a Statute of the Province of British Columbia. Its principal activities are to fund capital equipment purchases and finance capital construction projects for Health Care Facilities within the Regional Hospital District, through debenture debt. These activities are recovered through property tax requisitions.

2. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements of the Peace River Regional Hospital District (the "Regional Hospital District") are the representations of management prepared in accordance with accounting standards established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. Significant aspects of the accounting policies adopted by Peace River Regional Hospital District are as follows:

Basis of accounting

The consolidated financial statements are prepared using the accrual basis of accounting. The accrual basis of accounting records revenue as it is earned and measurable. Expenses are recognized as they are incurred and measurable based upon receipt of goods or services and/or the legal obligation to pay.

Funds from external parties and earnings thereon restricted by agreement or legislation are accounted for as deferred revenue until used for the purpose specified.

Government transfers, contributions and other amounts are received from third parties pursuant to legislation, regulation or agreement and may only be used for certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expense are incurred, services performed or the tangible capital assets are acquired.

Use of estimates

These financial statements have been prepared in accordance with Canadian public sector accounting standards which require management estimates and assumptions that affect the reported amount of assets and liabilities at the date of the financial statements and reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Peace River Regional Hospital District
Notes to the Consolidated Financial Statements

For the year ended December 31, 2016

2. SIGNIFICANT ACCOUNTING POLICIES (Continued from previous page)

Investments

Investments are recorded at amortized cost. When there has been a loss in value that is other than a temporary decline, the respective investment is written down to recognize the loss.

Financial Instruments

The Regional Hospital District recognizes its financial instruments when they become party to the contractual provisions of the financial instrument. All financial instruments are initially recorded at their fair value, including financial assets and liabilities originated and issued in a related party transaction with management.

At initial recognition, the Regional Hospital District may irrevocably elect to subsequently measure any financial instrument at fair value. They have not made such an election during the year ended.

The Regional Hospital District subsequently measures investments in equity instruments quoted in an active market and all derivative instruments, except those designated in a qualifying hedging relationship or that are linked to, and must be settled by delivery of, unquoted equity instruments of another entity, at fair value. Fair value is determined by published price quotations. Investments in equity instruments not quoted in an active market and derivatives that are linked to, and must be settled by delivery of, unquoted equity instruments of another entity, are subsequently measured at cost less impairment. With the exception of financial liabilities indexed to a measure of the Regional Hospital District's performance or value of its equity and those instruments designated at fair value, all other financial assets and liabilities are subsequently measured at amortized cost.

Transaction costs and financing fees directly attributable to the origination, acquisition, issuance or assumption of financial instruments subsequently measured at fair value are immediately recognized in net income/loss. Conversely, transaction costs and financing fees are added to the carrying amount for those financial instruments subsequently measured at cost or amortized cost.

3. INVESTMENTS

	2016	2015
Money market funds	52,945,365	42,577,724

Temporary investments are invested with the Municipal Finance Authority of British Columbia Money Market Fund. The rate of return on the pooled investment funds changes daily and interest earned is paid out.

Peace River Regional Hospital District
Notes to the Consolidated Financial Statements

For the year ended December 31, 2016

4. MUNICIPAL FINANCE AUTHORITY DEBT RESERVE

With respect to amounts financed through the Authority, the Regional Hospital District is required to pay into a Debt Reserve Fund administered by the Authority, an amount equal to one-half the average annual instalment of principal and interest relative to any borrowing for its own purposes. This amount may be paid either in full or in an amount of cash equal to 1% of the principal amount borrowed together with a non-interest bearing demand note for the balance. If, at any time, the Regional Hospital District does not have sufficient funds to meet payments or sinking fund contributions due on its obligations, the payments or sinking fund contributions shall be made from the Debt Reserve Fund. The demand notes payable to the Authority are callable only if there are additional requirements to be met to maintain the level of the Debt Reserve Fund.

5. LONG-TERM DEBT

MFA Issue Number	Interest Rate (%)	Maturity Date	2016	2015
			Debentured Amount	Debentured Amount
112	3.73	October 6, 2037	72,466,868	74,646,455

	(22,785,203)	(36,748,741)

7. FINANCIAL INSTRUMENTS

The Regional Hospital District's financial instruments consist of cash, accounts receivable, debt charges recoverable, reserve deposits, accounts payable and accrued liabilities, deposit liabilities, long term debt and demand notes. It is management's opinion that the Regional Hospital District is not exposed to significant interest or currency risks arising from these financial instruments.
