

# MONTNEY WIND ENERGY PROJECT

## Public Information Session October 29, 2015 – Between 5pm and 9pm Montney Recreational Hall

Renewable Energy Systems Canada Inc. (RES Canada) is proposing a small-scale wind energy project in the Peace Region near Montney, comprising 5 to 7 turbines near 254 Rd and 277 Rd.

**Please come and meet with us to find out more about this project!  
Your feedback is important to us.**

*Public sessions are an “Open House” format; come at your leisure throughout the evening.*
