**DEVELOPMENT SERVICES**  
**ZONING AMENDMENT REPORT**  
**BYLAW No. 2334, 2018**  
**1<sup>st</sup> & 2<sup>nd</sup> Reading**

**OWNER:** Chandra Irvine & William Irvine **DATE:** November 13, 2018  
**AGENT:** Tyler Mikkelson (Caltech Surveys) **FILE No.:** 18-123  
**AREA:** Electoral Area 'D'  
**LEGAL:** Lot 1 Section 5 Township 78 Range 15 W6M PRD Plan PGP45150 Except Part Subdivided by Plan BCP42557  
**LOT SIZE:** 8.08 ha (19.96 ac)  
**LOCATION:** South Dawson

**PROPOSAL:**

To rezone a 1.81 ha (4.5 ac) portion of the subject property from R-5 "Residential 5 Zone" to R-4 "Residential 4 Zone" to facilitate a future subdivision of the subject property.

**RECOMMENDATION: [ALL DIRECTORS – CORPORATE UNWEIGHTED]**

1. THAT the Regional Board read Zoning Amendment Bylaw No. 2334, 2018 for a first and second time; further, that the holding of a public hearing be waived pursuant to s. 464(2) of the *Local Government Act*, and public notification pursuant to s. 467 of the *Local Government Act* be authorized.

**ALTERNATIVE OPTIONS**

- OPTION 1**     1. THAT the Regional Board read Zoning Amendment Bylaw No. 2334, 2018 for a First and Second time; further, that a Public Hearing be held pursuant to the *Local Government Act* and that the Public Hearing be delegated to the Director of Electoral Area 'D'.
- OPTION 2**     1. THAT the Regional Board refuse the application as submitted.

**SITE CONTEXT**

The subject property is located approximately 1.5 km east of the City of Dawson Creek, along the 211 Road in South Dawson, less than 1 km from the Dangerous Goods Route. The subject property is in close proximity to Bear Mountain Ski Hill.

The properties to the north and northwest are mainly quarter section parcels. The surrounding area to the south and east is a rural residential neighbourhood setting mostly comprised of parcels varying in size from of 1.8 ha (4.5 ac) to 4 ha (10 ac). The subject property is currently zoned R-5 'Residential 5 Zone', with a mobile home and lagoon on the east portion of the property near 211 Road, "Ski Hill Road". The immediate surrounding land uses (and zones) are as follows:

- North: Agriculture (zoned 'A-2')
- South: Rural residential (zoned 'R-5')
- East: Road 211 and rural residential (zoned 'R-4')
- West: Rural residential (zoned 'R-5')

**SITE FEATURES**

- LAND:** Based on aerial photos and the applicant's site plan, the subject property is mostly cleared and grassed with a few trees on the south and east perimeter. There is a buffer of trees between the subject property's north parcel line and the agricultural property it borders to the north.
- STRUCTURES:** An existing mobile home on the southeast corner of the property and a number of existing outbuildings.
- ACCESS:** The property is accessed from 211 Road.
- CLI SOIL RATING:** On more than half of the land base (north end of property) the soil classification 60% Class 2c and 40% Class 3x. Class 2 soils have moderate limitations that restrict the range of crops or require moderate conservation practices. Subclass 'c' denotes a significant adverse climate for crop production. 2c soils are some of the best quality soils in the Peace River Regional District. Class 3 soils have moderately severe limitations that restrict the range of crops or require special conservation practices. Subclass 'x' denotes soils with limitations resulting from two or more adverse characteristics.
- The south portion of the subject property has a soil classification of 70% Class 5TP and 30% Class 7TP. Class 5 soils have very severe limitations that restrict their capability in producing perennial forage crops, and improvement practices are feasible. Class 7 soils have no capacity for arable culture or permanent pasture. Subclasses 'TP' denote the soil is limited by both slope and stoniness.
- FIRE:** Within the Dawson Creek Rural Fire Protection area.
- BUILDING INSPECTION AREA:** Within the Mandatory Building Permit area.

**COMMENTS AND OBSERVATIONS**

- APPLICANT:** The applicant intends to subdivide the property into two lots and requires a zoning amendment to do so. The proposed rezoning of a 1.81 ha portion (4.5 ac) of subject property is to permit the applicant to create a residential lot for the existing mobile home, lagoon, and outbuildings. The applicant intends to build a house on the second 6.27 ha (15.5 ac) lot.
- The applicant applied for a conventional two lot subdivision through the Ministry of Transportation and Infrastructure. The consideration of the subdivision is pending the outcome of the rezoning of 1.81 ha (4.5 ac) of the subject property and a development variance permit to allow a smaller setback between the mobile home and the southern interior parcel line on the subject property.
- ALR:** The subject property is outside the ALR. The northeast 30% of the property was formerly in the ALR but excluded from the ALR by Agricultural Land Commission Resolution #596/2008. The subject property borders ALR land to the north. Land to the south, east, and west are outside of the ALR.
- OCP:** The *South Peace Fringe Area Official Community Plan Bylaw No. 2048, 2012* designates the subject property RN (Rural Neighbourhood). The goal of the Rural Neighbourhood designation is to "recognize existing rural residential subdivisions and promote infilling of these areas lying outside the ALR or on lands having topographical constraints, low agricultural capability, or

those that are fragmented land parcels” [Section 6.3]. Section 6.3(2) further states that “within the Rural Neighbourhood designation the principal uses of land will generally be limited to residential, and agriculture, subject to zoning regulations.” An objective of the OCP is “to support new residential development and infilling within the Rural Neighbourhoods,” [Section 6.3.1(b.)] including the area generally described as Bear Mountain. The proposed use is consistent and complimentary to the goals and objectives of OCP; therefore, an OCP amendment is not required.

**ZONING:** The subject property is zoned R-5 (Residential 5 Zone) in accordance with *Peace River Regional District Zoning Bylaw No. 1343, 2001*. While the R-5 zone does permit the proposed use, it requires minimum parcel size of 4 ha (10 ac); therefore, a zoning amendment of the 1.81 ha (4.5 ac) portion of the subject property would be required to meet both parcel size requirements as proposed by the applicant. Within the proposed R-4 zone, the minimum parcel size is 1.8 ha (4.5 ac) which is consistent with the application.

Within both the R-4 and the R-5 zone, the minimum setback from a building or structure for an interior side parcel line is 3 m (10 ft). Based on the subdivision plan provided by the applicant, the proposed panhandle would result in the existing mobile home having a setback of 1.1 m (3.6 ft) on the interior side parcel line. The applicant has applied for a Development Variance Permit for the subject property that will be brought forward for Regional Board consideration.

## IMPACT ANALYSIS

**CONTEXT:** The subject property is located near the City of Dawson Creek and in close proximity to Bear Mountain Ski Hill along the edge of a rural neighbourhood boundary. The subject property is located next to three parcels with residential properties with large portions of the land covered with trees and/or grasses. The parcels across the road from the subject property are residential lots zoned R-4. The majority of properties within this rural neighbourhood are currently zoned R-4. The proposal for a rezoning to create a smaller residential lot of 1.81 ha (4.5 ac) fits the character and intended uses of the rural neighbourhood.

**AGRICULTURE:** The proposed rezoning will not affect agriculture. The subject property lies outside of the ALR, is not used for agricultural, and rezoning to from ‘R-5’ to ‘R-4’ will continue to allow agriculture or agriculture domestic activities.

**WATER & SEWER:** The portion of the subject property under consideration for rezoning has a pre-existing cistern and lagoon for the mobile home. The applicant intends to service the proposed second residential lot with a cistern and lagoon which would require approval from Northern Health.

**POPULATION & TRAFFIC:** Accompanying a MoTI subdivision approval, the proposal has the potential to increase the local population by an average of 2.6 to 5.3 persons and two (2) to four (4) vehicles (based on Stats Can 2016 census estimate for Electoral Area ‘D’ and two (2) vehicles per dwelling). The 211 Road, “Ski Hill Road” would be the access point for residents.

**RE: Zoning Amendment Bylaw No. 2334, 2018 (Irvine) File No. 18-123**

This letter is in regards to the application for bylaw amendment located at the above noted location in the **South Dawson area**. The purpose is **To rezone a 1.81 ha (4.5 ac) portion of the subject property (proposed Lot A) from R-5 “Residential 5 Zone” to R-4 “Residential 4 zone” to facilitate a future subdivision of the subject property within the Peace River Regional District Zoning Bylaw No. 1343, 2001.**

Based on the intended use of the Application, Northern Health has no objections.

Please be aware that if the operator is required by regulation to have a license or permit to engage in a regulated activity, such as the installation of a sewerage system, holding tank or drinking water system, the operator must obtain such licence or permit by submitting the appropriate application to the health officer prior to construction or operation of the regulated activity. In addition, an operator who engages in a regulated activity must comply with any requirement or duty set out in a regulation respecting the regulated activity

Recommendation of the application does not guarantee approval at the time of subdivision. Northern Health assesses all subdivision applications referred from the Ministry of Transportation on the basis of current provincial health legislation and Northern Health policies and guidelines. In order to determine proper suitability, Northern Health will require the following site information prior to a site inspection and final approval:

- Percolation Test Results
- Soil Evaluation
- Observation Holes
- Lot Plans

Northern Health recommends that the owner of the parcel become familiar with Northern Health's Guidelines for Subdivision prior to submitting an application for subdivision.

Peace River Regional District  
PO Box 810  
1981 Alaska Avenue  
Dawson Creek, BC V1G 4H8

Attn: Jacqueline Burton, Peace River Regional District – Development Service Coordinator

The Ministry of Transportation and Infrastructure has received and reviewed your referral of October 22, 2018 to rezone a 1.81 ha (4.5 ac) portion of the subject property (proposed Lot A) from R-5 "Residential 5 Zone" to R-4 "Residential 4 Zone", to facilitate a future subdivision of the subject property within the Peace River Regional District Zoning Bylaw No. 1343, 2001. The property does not fall within Section 52 of the Transportation Act and will not require Ministry of Transportation and Infrastructure formal approval.

The Ministry has no objections.

Thank you for the opportunity to comment. If you or the proponent has any questions, please contact Raj Chopra at (250) 261-5745.

Sincerely,
