

REPORT

To: Chair and Directors

Date: February 13, 2019

From: Danielle Patterson, Planning Intern

Subject: Zoning Amendment Bylaw No. 2333, 2019

RECOMMENDATION: [All Directors – Corporate Unweighted]

That Zoning Amendment Bylaw No. 2333, 2019 to rezone a ± 8.3 ha portion of the property legally described as SW ¼ of S 19 TP 78 R 14 W6M PR from A-2 (Large Agricultural Holdings) to R-5 (Residential Zone 5) be given first and second readings; further, that a Public Hearing be held pursuant to the *Local Government Act* and that the Public Hearing be delegated to the Director of Electoral Area 'D'.

BACKGROUND/RATIONALE:

PROPOSAL: To rezone a ± 8.3 ha (± 20.6 ac) portion of the subject property from A-2 (Large Agricultural Holdings Zone) to R-5 (Residential Zone 5) to facilitate a parcel realignment with the neighbouring ¼ section.

SITE DETAILS

OWNER: LePine Farms Ltd.

AGENT: Not applicable

AREA: Electoral Area 'D'

PRRD FILE NUMBER: 18-117

LEGAL DESCRIPTION: South West ¼ of Section 19 Township 78 Range 14 W6M Peace River

PID: 014-232-049

LOT SIZE: 64.6 ha (159.7 ac)

CIVIC ADDRESS: 9194 213 Road (Cosins Road)

LOCATION: Briar Area

SITE CONTEXT: The subject property is less than a 10 minute drive from Dawson Creek and is predominately surrounded by agricultural properties used for crops; some of these properties have dwellings. There are rural residential homes in the area. The immediate surrounding land uses (and zones) are as follows:

- North: Agriculture and Rural Residential (zoned A-2 and R-5)
- South: Agriculture (zoned A-2)
- East: Agriculture (zoned A-2)
- West: Agriculture (zoned A-2)

SITE FEATURES

LAND: Based on aerial photos and a site visit, the portion of the subject property under consideration for rezoning is gently sloped southwards and mostly grassed. The northwest perimeter has a tree windbreak and a dugout. A narrow strip of hayfield lies along the east perimeter.

STRUCTURES: An existing dwelling, shop, storage shed, fence for horse pasture, eight (8) elevated grain storage bins, airplane hangar, as well as two (2) aging barns.

Staff Initials:

ACCESS: 213 Road (Cosins Road), south of 210 Road.

CLI SOIL RATING: The soil classification is 2C and among the best soils within the Peace River Regional District. Class 2 soils have moderate limitations that restrict the range of crops or require moderate conservation practices. Subclass 'C' denotes the soil is effected by adverse climate.

FIRE: Within the Dawson Creek Rural Fire Protection Area.

BUILDING INSPECTION AREA: Within the Mandatory Building Permit area.

COMMENTS AND OBSERVATIONS:

APPLICANT: The applicant owns 65 ha (¼ section) east of the subject property which is under hay production and is applying for a rezoning of a ± 8.3 ha (± 20.6 ac) portion of the property to facilitate a parcel realignment through the Ministry of Transportation and Infrastructure. The purpose of the parcel realignment is to create a parcel for Mrs. LePine to reside on and to keep the home in the family. Mrs. LePine's immediate family members plan to purchase and reside on the property when Mrs. LePine retires to town. The family intends to continue using the property as a rural residence with some agricultural uses, with plans to expand the horse pastures. The remaining ± 119.4 ha (± 295 ac) parcel will continue to be used for hay production.

ALR: The subject property and the neighbouring properties are located in the ALR. Due to applicant applying for a parcel realignment, the approval of the proposed subdivision falls under the jurisdiction of the Ministry of Transportation and Infrastructure and does not require ALC approval.

CURRENT OCP: Designated 'Agriculture', within the *PRRD South Peace Fringe Area OCP Bylaw No. 2048, 2012*.

The raising of horses¹, the residence, and grain storage bins are permitted uses. The 'Agriculture' designation allows for parcels of less than 63 ha (155 ac) when, on a one-time basis per parent parcel, "*the subdivision is being made for the purpose of providing residence to the landowner, or a relative of the landowner*" or "*the land is within the ALR and a farm business rationale is presented which involves a benefit for agriculture.*" [*Policy 5.1.2 (c)*]. Based on this information the proposal is consistent with the *OCP*.

ZONING: The subject property is zoned A-2 (Large Agricultural Holdings Zone) in accordance with *PRRD Zoning Bylaw No. 1343, 2001*.

While A-2 zoning allows the proposed use, it requires a minimum parcel size of 63 ha (155 ac); therefore, a zoning amendment is required. Within the proposed R-5 Zone (Residential Zone 5), the minimum parcel size is 4 ha (9.9 ac) which is consistent with the proposal. Staff worked with the applicant on a site plan that would meet building and structure setback requirements for future parcel realignment.

¹ The *Agricultural Land Commission's* "Common farming and ranching activities" list defines "livestock" to include raising horses.

IMPACT ANALYSIS:

CONTEXT: The properties in the surrounding area range in size from 65 ha (¼ sections) to lots in the 0.5 ha (1.2 ac) to 45 ha (111.2 ac) size range. The proposed zoning meet the rural lifestyle of the area, which includes grain/hay fields, rural homes, and hobby-farm style properties.

AGRICULTURE: The proposed rezoning would allow the ± 8.3 ha (± 20.6 ac) portion to continue to be utilized for agriculture and complementary uses to agriculture but does not require the property to be used in an agricultural manner. The proposed parcel realignment would create a ± 119.4 ha (± 295 ac) parcel, which would be the largest agricultural parcel in the surrounding area. The ALC has no objection to the applicant’s proposed rezoning with a parcel realignment due to the “*wide range of agricultural opportunities*” it would allow [please see attachments].

WATER & SEWER: The subject property has a pre-existing lagoon and dugout with cistern.

POPULATION & TRAFFIC: The proposed rezoning and subsequent proposed parcel realignment results in no change to the number of dwellings allowed on the two (2) parcels. The Ministry of Transportation and Infrastructure requires access to remain via Road 213 (Cosins Road). Access via Rolla Road is not permitted.

COMMENTS RECEIVED FROM MUNICIPALITIES AND PROVINCIAL AGENCIES

CHETWYND: No response received.

DAWSON CREEK: No response received.

FORT. ST. JOHN: Approval recommended for the reasons outlined below: “*Supportive based on PRRD bylaws and land remaining within the ALR for agriculture support.*”

HUDSON’S HOPE: No response received.

POUCE COUPE: No response received.

TAYLOR: *Interests unaffected by bylaw.*

TUMBLER RIDGE: No response received.

DAWSON CREEK RURAL FIRE PROTECTION: No response received.

AGRICULTURAL LAND COMMISSION: No objections to proposed rezoning provided that the proposed boundary adjustment (parcel realignment) is completed as “*this would result in a consolidated area of ± 121 ha which would allow for a wide range of agricultural opportunities.*” ALC has some concerns about the potential of an alienated residential use in the area “*however, the ALC recognizes that the proposed R-5 Zone permits agricultural uses*” [see attached referral response].

BC OIL & GAS COMMISSION: No response received.

MINISTRY OF TRANSPORTATION AND INFRASTRUCTURE: Proposal does not fall within Section 52 of the *Transportation Act* and will not require formal approval. The Ministry has no objections [see attached referral response].

NORTHERN HEALTH: No objections to the rezoning proposal, subject to general conditions from the *Public Health Act* [SBC 2008] and *Drinking Water Protection Act* [SBC 2001] [see attached referral response].

ALTERNATIVE OPTIONS:

1. THAT the Regional Board read Zoning Amendment Bylaw No. 2333, 2019 to rezone a ± 8.3 ha portion of the property legally described as SW ¼ of S 19 TP 78 R 14 W6M PR from A-2 (Large Agricultural Holdings) to R-5 (Residential Zone 5) for a First and Second time; further, that the holding of a Public Hearing be waived pursuant to s. 464(2) of the *Local Government Act*, and public notification pursuant to s. 467 of the *Local Government Act* be authorized.
2. THAT the Regional Board refuse the application as submitted to rezone a ± 8.3 ha portion of the property legally described as SW ¼ of S 19 TP 78 R 14 W6M PR from A-2 (Large Agricultural Holdings) to R-5 (Residential Zone 5).

STRATEGIC PLAN RELEVANCE:

- Ensure that the Solid Waste Management Plan is operating on a fiscally defensible basis.
- Ensure effective execution of Public Safety and Emergency Services initiatives.
- Foster Collaboration on services with municipalities and electoral areas.
- Establish a strategy for coordinated advocacy on identified issues.
- Manage parks and trails in the region.
- Support the agricultural industry within the regional district.
- Not Applicable to Strategic Plan.

We are requesting that the Home Place $\frac{1}{4}$ Section SW $\frac{1}{4}$ -19-78-Rge 14 W6M be rezoned to "R5" in order to Apply for a "Parcel Realignment" which will join the remainder of the above land with our East $\frac{1}{4}$ section PID 014-231-930 (SE $\frac{1}{4}$ -19-78-Rge 14 W6M PRD Except Plan H24) and enable us to change the Home site (9194-213 Rd) itself into a smaller parcel of land. Approx 18 Acres. The purpose of this request is to ensure the Home Place stays in the family. Mrs. LePine is retired and has made a plan to move to town in 2 years. She has been approached by her son Reed LePine and Grandson Christopher LePine to purchase the home place, which will then buy her a new place in town. Diamond J Farms Ltd will continue to actively farm the remainder of the land once the parcel re alignment is complete. Mrs. LePine wants to ensure that if she ever had to sell some of her prime land due to hardship the Home Place will not be at risk and will remain in the family in Memory of the Late Jack Allen LePine who deceased in a plane accident while spraying crops in 1976 on the home land.

**Related Property: PID 014-231-930 Legal Description SE ¼ of Section 19
 Township 78 Range 14 W6M Peace River Except Plan H24**

Thank you for forwarding a draft copy of Zoning Amendment Bylaw No. 2333, 2018 (the “Bylaw”) for review and comment by the Agricultural Land Commission (ALC). The following comments are provided to help ensure that the Bylaw is consistent with the purposes of the Agricultural Land Commission Act (ALCA), the Agricultural Land Reserve Use, Subdivision and Procedure Regulation (the “Regulation”), and any decisions of the ALC.

According to ALC records, the Subject Property (PID 014-232-049) is ± 64.7ha in size and is located entirely within the Agricultural Land Reserve (ALR). According to mapping included in the rezoning referral package, the Bylaw affects ± 8.3 ha of the Subject Property.

The ALC does not object to the proposed rezoning of a ±8.3 ha portion of the Subject Property from A-2 “Large Agricultural Holdings Zone” to R-5 “Residential 5 Zone” provided that the proposed boundary adjustment referenced in the rezoning referral package involving the ± 64.7 ha Related Property (PID 014-231-930) is completed as it would result in a consolidated area of ±121.1 ha which would allow for a wide range of agricultural opportunities. The ALC has concerns that there may be the potential for the proposed ±8.3 ha parcel to be alienated for residential use in an area of large agricultural parcels; however, the ALC recognizes that the proposed R-5 Zone permits agricultural uses.

The ALC advises the Peace River Regional District (the “District”) that boundary adjustments (subdivisions) within the ALR require an application to the ALC unless they can be considered under Section 10 of the Regulation.

You are advised that if the District is unsure whether the proposed boundary adjustment meets the intent of Section 10 of the Regulation or if an alternative boundary adjustment between the Subject Property and Related Property is contemplated, the ALC must be consulted.

The ALC strives to provide a detailed response to all bylaw referrals affecting the ALR; however, you are advised that the lack of a specific response by the ALC to any draft bylaw provisions

cannot in any way be construed as confirmation regarding the consistency of the submission with the ALCA, the Regulation, or any Orders of the Commission.

If you have any questions about the above comments, please contact the undersigned at 604-660-7008 or by e-mail ALC.North@gov.bc.ca .

Yours truly,

Attn: Danielle Patterson, Planning Intern

The Ministry of Transportation and Infrastructure has received and reviewed your referral of November 30, 2018 to rezone a ± 8.3 ha (± 20.6 ac) portion of the subject property, located within SW 1/4 OF SEC 19 TP 78 R 14 W6M PEACE RIVER, from A-2 "Large Agricultural Holdings Zone" to R-5 "Residential Zone 5" to facilitate parcel realignment with the neighbouring ¼ section. The property does not fall within Section 52 of the Transportation Act and will not require Ministry of Transportation and Infrastructure formal approval. Although the Ministry has no objections to the zoning bylaw amendment, we do have the following comment for the proposal.

The ministry has received a conventional subdivision application (Section 10), MoTI File No. 2017-07492, from the owner to subdivide the subject lot as shown in this referral package. The proposed subdivision lot layout as submitted is not guaranteed as it is dependent on review and approval by the Provincial Approving Officer – conditions of subdivision have not been determined.

Thank you for the opportunity to comment. If you or the proponent has any questions, please contact Beth Bahm at (250) 787-3237.

Sincerely,

Beth Bahm, District Development Technician

RE: **PRRD File No.18-117 (LePine Farms)**

This letter is in regards to the proposed application submitted. The intent of the application is to:

- To rezone a portion of the subject property from A-2 “Large Agricultural Holdings Zone’ to R-5 “Residential Zone 5” to facilitate a parcel realignment with the neighbouring ¼ section.

Based on the intended use of the Application, **Northern Health has no objections** subject to the conditions listed below.

- Must adhere the BC Public Health Act and all regulations under the BC Public Health act that may apply. As per the BC Public Health Act, the operator must not create a health hazard.
- As per the BC Public Health Act, If the operator is required by regulation to have a license or permit to engage in a regulated activity, such as the installation of a sewerage system, holding tank, drinking water system or construction/operation of a food establishment, the operator must obtain such licence or permit by submitting the appropriate application to the health officer prior to construction or operation of the regulated activity.
- As per the BC Public Health Act, an operator who engages in a regulated activity must comply with any requirement or duty set out in a regulation respecting the regulated activity. In addition, the operator must ensure that employees are adequately trained and sufficiently equipped to recognize, prevent and respond to health hazards that may arise when engaging in a regulated activity.
- As per the Drinking Water Protection Act, the operator must ensure that any wetlands, stream or drinking water wells that may be located in the area are protected from all possible sources of contamination during construction and operation.

If you have any additional questions regarding this matter please contact me at 250-719-6500.
