Effective today, August 13, 2021 at 1200 hours, this evacuation ALERT has been rescinded (cancelled). This alert is being rescinded upon receiving advice from the Peace River Regional District's geotechnical consultants, who continue to investigate outstanding issues related to the landslide. Upon confirmation that the Ministry of Transportation and Infrastructure continues to actively monitor the area surrounding the Old Fort Road where the landslide occurred, the geotechnical consultants are satisfied that evacuation alerts can be removed at this time. As new information comes forward, it will be assessed to determine whether changes to evacuation alerts or orders can or need to be made. We thank the residents of Old Fort for their patience during this difficult time.
