

# Board Newsletter

Meeting Date: August 10, 2017

Location: Dawson Creek

## North Pine TV Function

The provision of TV services within the North Pine TV function will be discontinued as it is no longer being utilized. The Board will allow the function to go dormant resulting in no further taxation. Staff will notify the Federal Department of Innovation, Science, and Economic Development Canada (ISED) of the decision to discontinue the function and withdraw the Regional District's broadcast re-certification for broadcast of TV Channels 26 and 27. Area residents will be notified of the discontinuation of the North Pine TV service.

## District of Chetwynd Water Fill Funding & Usage Agreement

The Board approved entering into Water Fill Funding & Usage Agreement with the District of Chetwynd. The twenty year agreement will provide long term access for rural residents at the District of Chetwynd Water Fill Station in exchange for a \$300,000 lump sum payment to the District of Chetwynd for project capital funding.

## Farmers' Advocate Office Agreement

The Regional Board approved the contract renewal between the PRRD and Independent Land Information & Advocacy Office Contract. The agreement covers from August 1, 2017 to July 31, 2018. This represents the last year of five 1-Year agreements that were entered into by the Board.

## Have You filled Out the Ideas Questionnaire?

Complete your Regional Park Design Study Ideas Questionnaire.

Monday, August 14th, is the last day to submit your ideas on Montney Centennial Regional Park and Blackfoot Regional Park.

Don't miss out!

Go to the Project Engage! Page,

<http://prrd.bc.ca/engage/regional-park-design-study/>

Fill in the Ideas questionnaire & enter the prize draw!

## Flood Mitigation Grant Applications

The Board authorized staff to submit three grant applications to the National Disaster Mitigation Program to conduct flood hazard risk assessments in the Chetwynd Fringe area, the Moberly Lake area and the Tomslake/Tupper area.

## Friesen Subdivision Agreement With City Of Dawson Creek

The Peace River Regional District (PRRD) owns a sewer network in the Friesen Subdivision which discharges into the City of Dawson Creek (City) sewer system. The Board approved an update to the existing agreement with the City of Dawson Creek to allow the connection of the City's sewer main from the CDC Water Treatment Plant to the Friesen Sewer Subdivision which connects into the City sewer collection system.

## Noxious Weeds

The Board will be forwarding a letter to BC Hydro requesting confirmation that the active mitigation and management of noxious weeds be ongoing in perpetuity for those properties under the Dawson Creek/Chetwynd Area Transmission (DCAT) line and provide clarification of noxious weed management.
